

INDEPENDENT ADVICE

As a totally independent company we have built our reputation on 3 cornerstones:

- Our impartial advice and assistance in choosing a provider
- Our bespoke service - provided by highly qualified and experienced professionals
- Our ability to save you time and money

WHAT ELSE DO WE DO?

■ Business Insurance

Commercial insurance is not only the core of our business, it's at the heart of our success. The way in which we handle clients and the level of expertise and service we provide clearly reflects this and enables us to stand out from the crowd.

■ Property Insurance

As one of the UK's leading specialist suppliers of landlords insurance schemes, we have substantial purchasing and negotiating power. This allows us to offer extremely competitive rates to landlords, property owners, letting agents and representative bodies throughout the UK.

■ Personal Insurance

Client driven and customer focused, we pride ourselves in providing the highest quality personal service. We aim to treat all our clients individually, not only taking the time to listen to immediate requirements but also looking beyond in order that we can offer the right product to meet both specific needs and longer-term goals.

■ Financial Services

Over the past 25 years we have become one of the largest and most respected Independent Financial Advisers in the region with specialist teams providing clients with investment, pensions and other forms of financial advice. Our success has been built on long-term trusted relationships, maintained by high calibre, qualified advice.

■ Corporate/Professional Support Services

We have a dedicated specialist team of financial advisers working with professional organisations such as solicitors and accountants with advisory services for their staff and their clients on a local, regional and national basis.

■ Mortgages and Finance

We offer access to the complete spectrum of UK lenders providing products that may not generally be available on the wider market. Our superior knowledge of the mortgage and financial markets allows us to offer a uniquely personal service for our clients. Your home may be repossessed if you do not keep up repayments on your mortgage. Whilst initial consultations are free, there is a fee for mortgage advice if you decide to proceed. The precise amount will depend upon your circumstances but we estimate that it will be £350.

The role of School Governors has evolved greatly over the last 20 years. Governors are responsible for approving the school budget and monitoring it throughout the year, health and safety issues and exercise employer responsibilities (in some schools the governing body is the direct employer of staff).

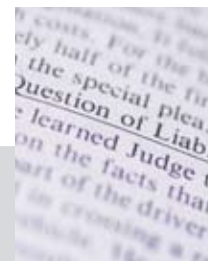

As the responsibility of the School Governor has increased so has the potential for errors and omissions which are not always covered by the school's insurance. In these circumstances, governing bodies face potentially expensive litigation costs.

Does your Governing Body comply with all the relevant legislation – (at the last count the Department of Education's Guide to the Law for School Governors was over 250 pages long).

Could Local Authorities have a conflict of interest when a dispute arises i.e. between the Head and Governing Body?

Alan Boswell Group has great experience in working within the schools sector and experienced governors and staff have helped develop this comprehensive scheme.
